

The Magpas Lottery is an exciting lottery game, to help generate *essential funds* for Magpas, your local emergency medical charity (Registered Charity No. 263564)

The lottery gives you the chance to win *big cash prizes* and at the same time help save lives in Cambridgeshire and Peterborough.

MAGPAS

Magpas is the emergency medical charity for Cambridgeshire and Peterborough. We operate two lifesaving schemes across the region.

The Emergency Medical Team is made up of doctors and paramedics who are trained and equipped to get A&E quality treatment to the scenes of serious medical incidents, such as road traffic accidents. They use a special car and the Police helicopter to get to patients fast.

The Community First Responder Scheme trains, equips and coordinates volunteers with non-medical backgrounds, so they can make a real difference in their local communities. Community First Responders carry special kit, including automatic defibrillators, so they can deal with heart attacks and patients with breathing difficulties.

Both schemes rely on volunteers... volunteers who save lives.

The charity needs £450,000 per year to provide these vital schemes and is entirely funded by the generosity of the public. By becoming a member of our lottery you will help us to achieve our fund-raising targets, and you will be helping to save lives across the region.

HOW TO TAKE PART

The easiest way to take part in the Magpas Lottery, is to sign up as a subscription member. The cost is just £1 per week for each ticket, payable by standing order through your bank account. You will receive a membership card containing your lottery numbers which will then be automatically entered into the draw each week. Alternatively you can send a cheque for a quarterly, half-yearly or yearly subscription (£13, £26 or £52).

The lottery game runs from Monday through to Friday each week and you can follow your daily progress on the internet.

Please Note : It is not essential to have internet access to play this lottery. All ticket scores are calculated by our computer and winners will automatically receive their prizes.
